Pinterest in the classroom

techEteens
How-tos

Go to
www.pinterest.com

Click "Sign Up"

Select one of three ways
*Facebook * Twitter
* Email

- Once you are in, *click "Create a board"*
  - Name it, add a description, select a category and if you want it to be secret and then save.
- *Click "Add a pin"*
  - Select: **From computer**, **From Website** or **From Pinterest**
  - When pinning from other websites, images must be at least 100 X 200 pixels
  - The only file types you can pin are JPG, PNG and GIF
  - The only videos supported are YouTube, Vimeo and Ted videos

Ideas to get you started

- Visit the Education Category and get inspired

- Finding Projects and Supplemental Material

- Students Using It to Track Research

- Have students pin project ideas
