

TechEteen Info:

Information About Me:

I am fourteen years old and attend Castle Dome Middle School. Things that interest me most are animals, I plan on becoming an exotic vet. My favorite colors are neon green and lime sherbet. I love being outside, shopping, and hanging out with my friends.

Information About My Class:

My advanced language arts class is very entertaining and educational. We do lots of projects and collaborate together. I am very happy and excited about iSTE even though I am not going, I will be represented through my digital portfolio and I will be able to keep it forever.

IT'S NOT SAFE TO STUDY ALONE!

Step by Step Guide:

- 1) First you must create a group code for your class.
- 2) Then you must create your account using that code.
- 3) Use the group code to collaborate with other.
- 4) Compare notes, videos, websites, and many more with your fellow classmates.

Uses in a Classroom:

- Teachers can have students create interactive study groups.
- Students may learn to collaborate with others to improve group working skills.
- Be able to share links and many more with students and colleges.

Great Uses:
